

Welcome...the house has been cleaned and made ready for you. We hope you enjoy your stay here.

Parking – All cars and /or golf carts must display a parking permit if you are parked in the Quarry Condo complex (no matter how long). Parking is extremely limited, please respect all other owners and renters. Only two vehicles per unit are permitted at any time.

Please do not park in another units reserved space. If you fail to use a parking permit or you park in another unit's reserved space, \$50 will be deducted from your rental deposit per violation. The Condo Association polices the parking lot on a daily basis.

Please treat our house with the same respect that you treat your home.

Please keep outside lighting to a minimum at night as it can attract large swarms of bugs during mayfly season.

Turn around between renters being a matter of hours we've created a renters check list to make your departure simple and easy, assuring that your remember everything you brought with you while securing the return of all of your deposit.

Remember that check out is at 10:00am EST. Please understand the cleaning schedule is determined by your scheduled departure time. A \$50 fee for each half hour after this time will be deducted.

Please check all rooms, drawers and closets to make sure that you have everything you brought.

Please **do not** use the fireplace.

Please do not lose pool wristbands, there are 8 and you will be charged if they are lost.

Please take all food items that you brought with you (in fridge or cupboards).

Please run the dishwasher or wash all dirty dishes and put away.

Please remove dirty coffee filters and clean the pot.

Please do not leave any food in the sinks.

Please strip all linens from beds, take towels from bathrooms, etc. and place in the receptacle in the laundry room. (do not leave on the floor)

Please remove and bag all trash and put in the dumpster behind the white fence outside of the condo to the right.

Please do your best to clean up any spills, food on carpet, floors or furniture.

Avoid steam cleaning charges for severely stained carpets and furniture.

Please leave us a note if something is not working properly, was accidentally broken or you couldn't remove a stain during your stay so that we can tend to it right away.
